

Fighting In Belgium—Holland Prepares to Resist the Threatened Invasion.

KAISER'S BOOMING SIEGE GUNS ARE HEARD ON DUTCH BORDER.

Artillery in Action at Liege Strikes Terror to the Inhabitants, Who Flee From Scene of Conflict.

Allied Armies Appear to Be Inviting Germans to Go Northward—Peasants Fear Fields Will Be Inundated as Danger of an Attack Is Reported to Be Very Great—Rumor That British Have Landed Troops on Teutonic Soil Is Doubtful.

BY W. J. D. KIEHL.

[BY ATLANTIC CABLE AND DIRECT WIRE—EXCLUSIVE DISPATCH.]

MASTRICHT (Holland) Aug. 19.—Germany's heavy artillery is in action at Liege and the booming of the big guns is heard in the distance. The Kaiser's siege guns require twelve horses to draw it, and the discharge of these terrible weapons causes the houses in Maastricht, nineteen miles from Liege, to shake to their foundations. Fugitives from the region of Liege report that some of the smaller forts have fallen, but that the principal ones are intact.

From Liege to the Dutch border the air is foul with the stench of decomposing bodies of horses and men. The dead, when buried at all, are only slightly covered with earth. Carcasses of cattle and horses lie everywhere in the fields. It also is said that there are many dead in the houses left standing on or near the scenes of conflict.

Two women fugitives, with their little children, warned some German soldiers not to enter the houses lest they see gruesome sights. With these women and children the Germans shared their rations and also gave chocolate to the little ones.

"We, too," they said, "have wives and babies at home."

STORIES OF HAVOC.

Most of the fugitives, however, relate frightful stories of the havoc wrought by the invaders. The butchery of innocent men, women and children, and of the ruthless burning of buildings and churches close to the Dutch border were put to the torch on the pretext that signals were given from the towers.

Along the border of Brabant and Seeland, Dutch soldiers are digging entrenchments and clearing away everything that might afford shelter to the invaders. Farm houses and richly-laden orchards are destroyed in the presence of their despairing owners. On all sides Holland is preparing to resist invasion with all its strength. Peasants are in constant dread lest their fields be inundated against the enemy, for the menace of invasion is undoubtedly great.

The allied armies appear to be inviting the Germans to go northward. Of this advance takes place and the Germans are hard pressed it is likely that in spite of themselves they will be forced to retreat. The Dutch forces are very strong and could disarm great numbers of beaten and fleeing men.

All reports here agree that up to the present the French and Belgians have been fighting with far greater ardor and daring than the Germans. However, should the invading become the invaded country, as is expected by the Belgians, the psychological situation would be reversed in favor of the Germans.

ROAR OF CANNON INCREASING.

In Tilburg, a town in Dutch Brabant, the muffled roar of cannon and the rattle of musketry are heard incessantly. Red Cross detachments are continually bringing wounded from across the border.

Two German naval officers in a motor boat landed on the Dutch coast, ostensibly to repair the machinery of the craft. The Dutch frontier guard immediately arrested, disarmed and sent them to Alkmaar to be interned until the end of the war.

Reports are circulating that the British have landed an army corps on the north coast of Germany. The circumstances lending color to the rumor is the fact that telegraph communication with Germany, which had been in full operation through Winterswijk, near the Prussian border was suddenly cut off.

BARRIERS ON BRUSSELS ROADS TO PREVENT RAIDS BY CAVALRY.

[BY ATLANTIC CABLE AND A. P.]

LONDON, Aug. 19 (midnight).—An American military expert, reviewing the situation in Belgium, said tonight:

"I left Brussels today. There was a good deal of agitation there, as the people thought the Germans very near. A good many refugees were coming from Tirlemont and Louvain.

"The people kept very quiet, though they were filled with suspense, owing to the numerous rumors. The impression was that the Germans, after making reconnaissances in force and scouting the country to the north of Brussels, with cavalry, were about to advance in force on Brussels. The population had been told by the burgomaster that if the Germans came they should remain indoors and go on as far as possible with their usual vocations.

"Brussels is an undefended city, but within the last three or four days every important street leading out of the town has been barricaded. Trenches have been dug in the outskirts and barbed-wire entanglements have been placed in front of them. These defenses, however, are intended only for protection against a cavalry raid. They would be futile against any attack in the direction of the city.

"A battle for the actual possession of Brussels will be fought outside in the direction of Wavre and Louvain. If the Germans take Brussels it does not mean in any sense a military setback for the allies, beyond its sentimental effect and the opinion in Brussels was that owing to French successes in Alsace and the check the German right wing has suffered in Belgium, something must be done which would have at least the form of success.

"There is no sign of alarm and the staff states that the situation is excellent. As a matter of fact, the general public has not yet heard of the news which was rapidly spreading early this morning in official quarters. The people will submit to the Germans without any demonstration, because of the practical good sense of the Belgians, which teaches them that resistance after their army is driven back is fruitless, and because of their supreme confidence that the British and French will eventually drive the Germans out of Belgium.

"The Belgians are warning the people not to attempt reprisals because that would bring reprisals on them. You can hear any kind of rumor in Brussels, and if the Germans are determined to attack in force, Brussels will be a useless possession unless the allies decide to resist for the sake of the possession of the town.

"The Germans have been using their cavalry with great audacity and sometimes with more audacity than skill. They have sent their cavalry as scouts in all directions and some reported battles have been no more than reconnaissances in force, in which the Germans used both cavalry and infantry and some guns, with either one of two purposes.

"They were either aiming to cover their flank by those continuous threats, or else were ascertaining the Belgian dispositions with a view to an attack in force.

"The honors are with the Belgians in these combats. Their bicycle corps, peddling rapidly on the fine roads, have responded instantly to the alarm. The country is wholly unsuited to the tactics of the Germans, with their automobiles, which, with automobiles, have become such an important adjunct of war, the Belgians are able to give the alarm instantly. The Germans appear. Then the cavalry, directed to the point and lying in concealment, catches the Germans with deadly fire, frequently at close quarters."

TRANSFER TO ANTWERP.

[BY ATLANTIC CABLE AND A. P.]

PARIS, Aug. 19.—An official communication from Brussels, made public today, gives certain details of the transfer of the seat of the Belgian government from Brussels to Antwerp.

This transfer is not an immediate necessity, it is explained, but it is preferred to effect it now in a normal manner, rather than to interrupt governmental business.

While Belgian officials have gone to Antwerp, their families remain in Brussels. The families of the king and the queen are at the Antwerp palace, while the king is with the army.

London Times Map of the Franco-German Frontier.

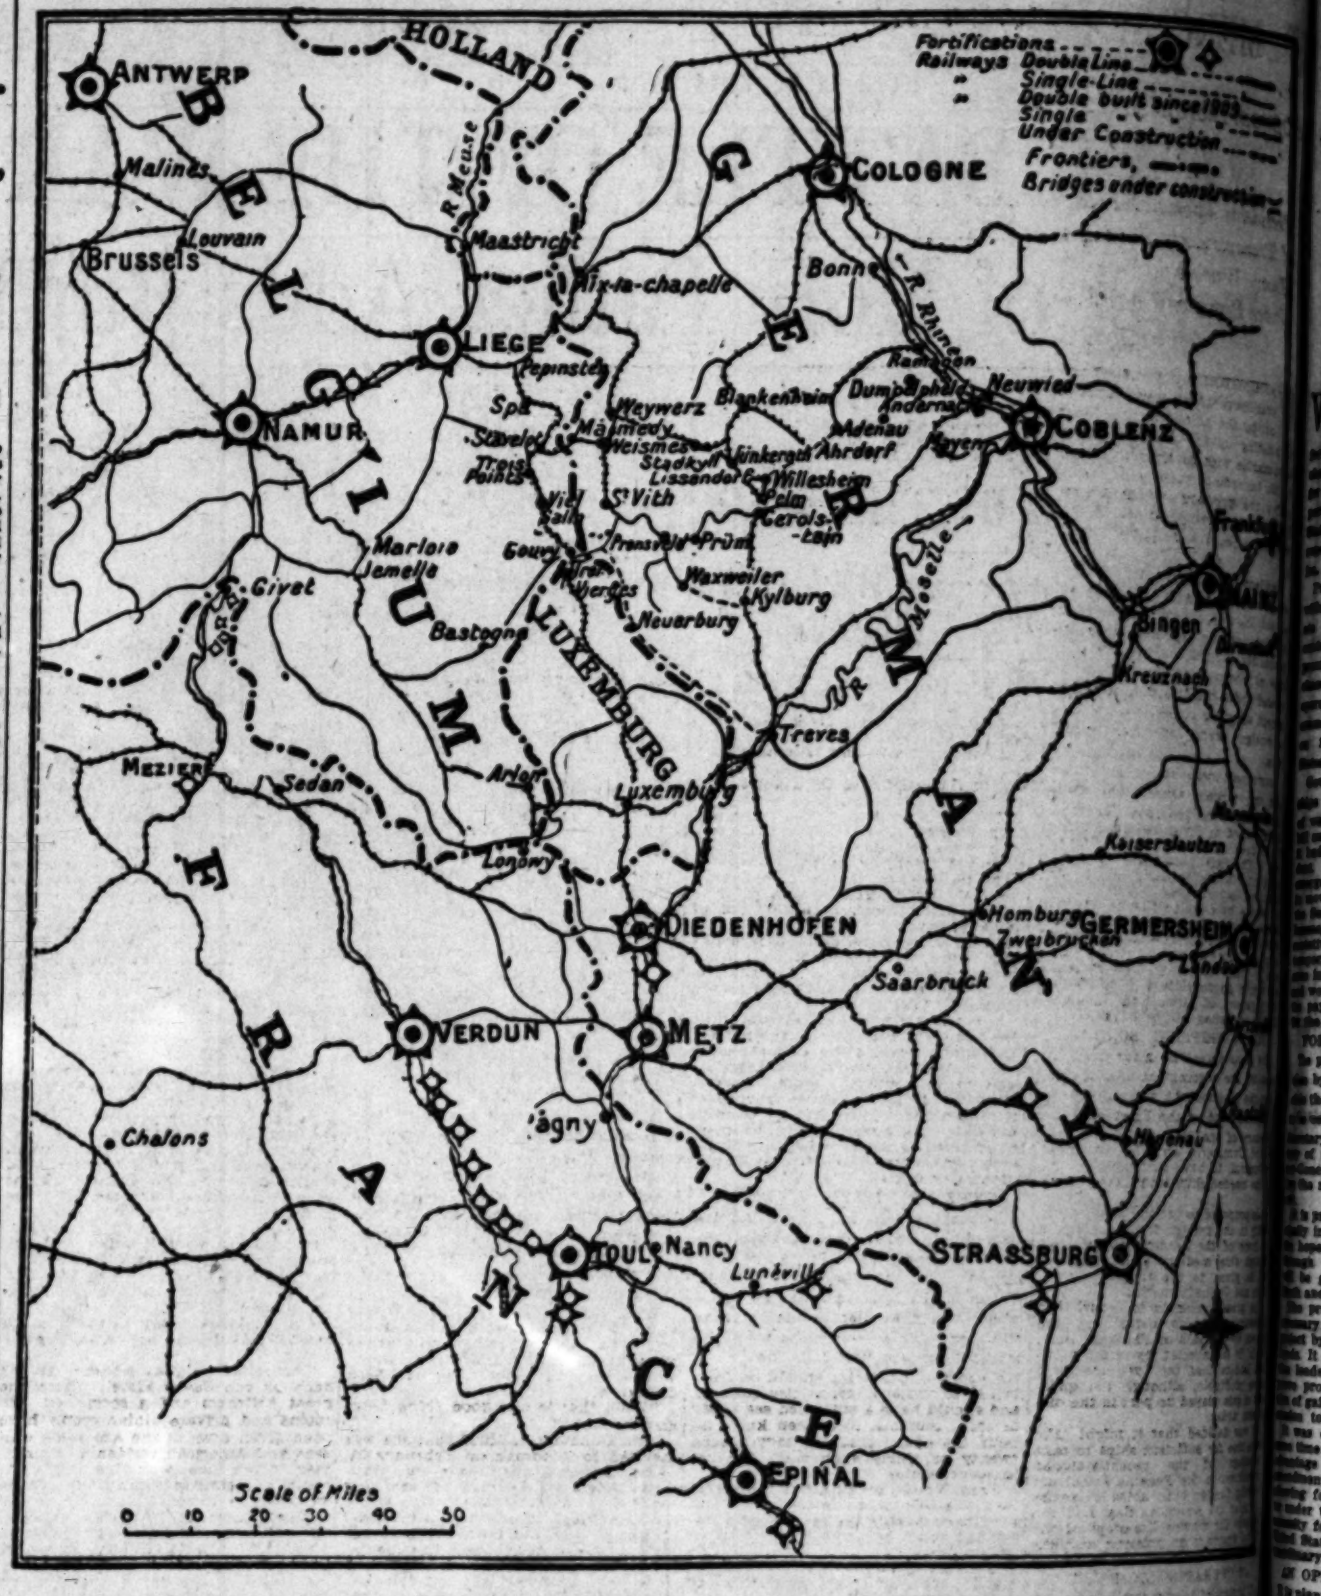

Chart of the great battlefield.

In the above map attention is devoted to the strategic railways that fringe the German frontier against France and the low countries and those which have been built since the Balkan crisis of 1903-5 are specially indicated. Pagny-sur-Moselle, one of the stations from which hostile action was begun, is shown. The mobility of the German army is due to the speed of German trains. German railways are designed more for the quick entrainment and detachment of troops than for passenger service.

REPLY OF GERMANY TO THE JAPANESE, IT IS EXPECTED, WILL START HOSTILITIES.

[BY A. P. NIGHT WIRE.]

WASHINGTON, Aug. 19.—Germany's reply to Japan's ultimatum is awaited with anxiety in diplomatic circles as likely to open hostilities in the far East. It is possible the reply may pass through American channels of communication as that was one of the means of forwarding Japan's note, owing to the difficulties of cable communication.

The suggestion is made in diplomatic circles that if Germany withdraws from Kiaochow, abandoning it for the time being, while her energies were centered in Europe, it would present a new and interesting situation. With Germany withdrawing, Kiaochow would naturally revert to China.

However, no information of Germany's purpose has yet come through, although such intimations as officials receive indicate that Germany will reject the demand and resist a siege to the utmost.

GERMANS ARREST JAP STUDENTS.

CROSS FOR FRENCH MAYOR.

President Poincaré Honors Official Who Saved German Soldier From Angry Townspeople at Badenweiler.

[BY ATLANTIC CABLE AND A. P.]

PARIS, Aug. 19.—President Poincaré has signed the nomination of Joseph Benoit, Mayor of Badenweiler, in the Canton of St. Maurice, for the Cross of the Legion of Honor, in recognition of his exhibition of energy and magnanimity.

According to the official records Benoit's wife was killed by German soldiers, who bombarded their home. Benoit later saved the life of one of the Germans who had been arrested and was threatened by the enraged townspeople.

EXPECT ATTACK IN KIAO-CHOW.

[BY PACIFIC CABLE.]

PEKING (China) Aug. 19.—The Governor of Kiaochow, the German colony in China, today issued a proclamation saying that an attack was imminent. The majority of the non-combatants already have left and the American legation is advising the State Department to withdraw Willy R. Peck, the American Consul, his presence being unnecessary because American interests temporarily are terminated.

Mr. Peck, however, desires to remain.

Although the garrison of Kiaochow is under 5000, the fortifications are believed to be formidable.

Since the war began the harbor has been mined and land defenses strengthened with wire entanglements, earthworks and mined zones.

Many Chinese coolies have been employed besides the troops of the garrison.

The legation quarter in Peking is deeply affected by the prospect because many of the German and British officers who will participate in the fighting, have been members of Peking society during the terms of service in the legation guard.

Young German business men who have gone as reservists have many English friends in the various treaty ports.

There being no German laborers in China, practically all the reservists are officers. Their number is sufficient to form several companies. Their families are appealing to the German legation to urge Berlin to capitulate, but the legation has been unable to communicate with Berlin since the outbreak.

CANADA INDORSES GREAT BRITAIN'S WAR; PARTY LINES ABOLISHED BY THE CRISIS.

[BY A. P. NIGHT WIRE.]

OTTAWA (Ont.) Aug. 19.—England's participation in the European conflict was indorsed by the Canadian Parliament today. In the House of Commons and the Senate the government and the opposition leaders and their followers were in unanimous accord, and in both chambers the address indorsing the speech from the Throne was adopted in record time. In the Senate the debate lasted but an hour and a quarter, and in the Commons only an hour longer. Great public interest was indicated by crowds of spectators who filled the galleries.

Sir Wilfrid Laurier, opposition leader of the lower house, the first to rise after formalities had been completed, opened with a declaration that for the present session party lines had been abolished.

"So long as there is danger at the front," said Sir Wilfrid, "it is our duty, more pressing than all other duties, to stand by the side of the British Empire in this first day of debate, to let Great Britain know, to let the friends and foes of Great Britain know, that there is in Canada but one mind and one heart and that all Canadians stand behind the mother country, conscious and proud that she did not engage in war from selfish motives or for aggrandizement, but to maintain unflinching the honor of her name, to fulfill her obligations to her allies, to maintain her treaty obligations and to save civilization from the unbridled lust of conquest and power."

Volunteers for the province of Quebec, he reminded them, would fight for this occasion for both England and France.

Of the Germans in Canada, he said: "They have shown more than once their devotion to British institutions, but they would not be men if they had not in their hearts a deep feeling for the land of their ancestry. No body blamed them for that. There is nothing to be done but to stand by the side of the British Empire."

That Canada's assistance of our army last year in the Boer war, and the fact that the British Empire is now at the front, are now as in the past, the basis of our loyalty and devotion to the British Empire."

GERMANS DEFEAT RUSSIAN FORCES.

[BY ATLANTIC CABLE AND A. P.]

LONDON, Aug. 19.—A dispatch received today by the Associated Press from Moscow, August 17, says that in an encounter near Plesk, the German forces have defeated the Russian forces. Many Russian prisoners have been taken by the Germans.

THE CITY
AND ENVIRONS.

EVENTS BRIEFLY TOLD.

In Echo Park.
Miller's Military Band will render the second public concert of the week in Echo Park this evening at 7:30 o'clock.

Dr. Walker to Speak Tonight.
Dr. Hugh K. Walker of Long Beach will be the speaker at a meeting to be held this evening in the Union Rescue Mission, No. 145 North Main street. The public is invited to attend.

Jay County Picnic.
The reunion and picnic of former residents of Jay county, Indiana, will be held in Hollenbeck Park on Monday, September 7. Any recent arrivals from that county are invited to participate.

Twenty-eight Join.
At the meeting Tuesday night of the Apartment-house Association twenty-eight new members joined and they all were emphatic in their denunciations of the proposed eight-hour law.

Comes Far to Wed.
Emmett Clark, a school teacher of Brooklyn, N. Y., took out a license yesterday to marry Miss Edith Kidd of No. 305 East Piedmont street, Pomona. The ceremony was performed at Sunset Oaks near Pomona by Dr. A. W. Lamport, pastor of the Pomona Methodist Church, yesterday afternoon.

For More Trade.
A resolution favoring the establishment of a Los Angeles-owned steamship company was adopted yesterday by the directors of the Chamber of Commerce. The resolution pointed out that such a company would be an aid in creating increased trade between the Pacific Southwest and South America and the Orient.

Young Still Missing.
J. W. Young, the Long Beach realty dealer, is still among the missing. Three more alleged victims of the missing realty promoter complained to the District Attorney's office yesterday. The officers declare they will have Young in jail before another twenty-four hours.

Hungarian Jewish Picnic.
The First Hungarian Jewish Sick Benefit Association will hold a picnic at Schutzen Park Sunday. Magyar dances and special Hungarian music will entertain the crowd, which is expected, will number 3000 to 4000. Judges Jackson, Morrison and Monaghan, and Police Judges White and Chesebro will speak.

Goos Back to Chicago.
W. H. Emmart, who has been connected with the secretarial force of the Y.M.C.A. for the past five years, will leave this morning for Chicago, accompanied by his wife and three sturdy boys. He is an affable young man who has made hosts of friends here and they will regret his departure. He goes to enter into a business calling in connection with his father.

They're for Beautification.
The Burbank Chamber of Commerce and the Monrovia Board of Trade have added their endorsements to the plans for next year, announced by the general 1918 committee on beautifying the county and entertaining. Resolutions were adopted at the last meetings of these commercial organizations, requesting that the County Supervisors make ample provision for carrying out the plans, even though the limit allowed by law, 6 cents on \$100, be assessed to provide an adequate fund for next year's celebration.

Was Female Imperator.
William L. Dodson, a milliner, 49 years of age, died Tuesday evening at the family residence, No. 655 East Forty-first street. He was a native son, born and reared in El Monte. His parents, Mr. and Mrs. W. I. Dodson, were pioneers of Los Angeles county. Mr. Dodson formerly was an importer of female characters, closing a two-year engagement on the Pantages circuit last October in Los Angeles. He was a prominent Mason and he and Mrs. Dodson were members of the Eastern Star, No. 163, Tu-

funeral services will be held at 2 o'clock Saturday afternoon at the Presbyterian Church in El Monte. Burial will be in the El Monte Cemetery.

For a Slogan.
A common slogan for the use of all commercial organizations of this city is advertising California for 1918 is considered by the Chamber of Commerce. A communication urging this action was received yesterday by the Chamber from the Merchants' and Manufacturers' Association. President Cole submitted the following to the directors as a tentative suggestion: "Arrange your 1918 vacation now—Panama-Pacific International Exposition, San Francisco; Panama-California Exposition, San Diego; see California first."

Death of Aged Man.
W. N. Baker died at his home, No. 1147 West Fifty-second street, yesterday, aged 86 years. The deceased was a native of Canada, but came here six years ago from Grand Rapids, his last place of business, and had lived a retired life. He leaves a widow, a son, Charles H. Baker, and two daughters, all in this city. The latter are Mrs. E. A. Goodrich, Mrs. Emma T. Curtis and Mrs. Blanche V. Schick. The funeral service will be conducted in the chapel of Booth & Boylson, tomorrow morning at 11 o'clock, interment following at Inglewood Cemetery.

Seek Better Railway Facilities.
A meeting was held at the Slauson Playground last night in the interest of securing a street-car line on Compton avenue from the meeting place to the playground. To create enthusiasm for the movement, a parade was held over the proposed route in the afternoon. The clubhouse on the playground was filled last night and speeches were made by a number of persons. The principal speaker was Frank G. Tyrrell, Dr. J. E. Cowles of the Playground Commission, and Charles B. Raitt, superintendent, took an active part in the meeting. Miss (Gwendolyn) Twining gave a reading and the music was furnished by the Casella brothers. The matter will be further taken up with the Los Angeles Railway and the Board of Public Utilities.

This Is Fine.
Frank A. Priemeyer, manager of S. Nordlinger & Sons, left this week for New York City on a seven weeks' buying trip. Before leaving Mr. Priemeyer said: "I predict one of the busiest fall and winter seasons of Los Angeles history. Everything points toward heavily increased trade in all mercantile lines, and in anticipation of that condition, S. Nordlinger & Sons have instructed me to buy liberally in the eastern markets. Our establishment has had the largest year's business since its inception forty-five years ago. The business situation in Los Angeles is sound. There is no better barometer of business conditions than the jewelry business. We were particularly fortunate in stocking up our art department with a large assortment of foreign art goods before the European war situation severed trade relations with the continental art centers. Our Mr. Ghisla, who recently returned from Europe, placed his orders early enough to insure all deliveries. In fact, 90 per cent of our European goods is either now in our storerooms or in New York, ready for shipment to California."

BUSINESS BRIEVITIES.

THE WEATHER.

(Official Report.)

LOCAL OFFICE, U. S. WEATHER BUREAU, Los Angeles, Aug. 19.—(Reported by Fred A. Carpenter, Local Forecaster.) At 5 o'clock a.m. the thermometer for the corresponding hours showed 65 deg. and 71 deg. Relative humidity, 5 a.m., 80 per cent; 6 p.m., 60 per cent. Wind, 5 a.m., southeast and variable; 6 p.m., 5 p.m., southeast, velocity 8 miles. Highest temperature, 78 deg.; lowest, 61 deg. Barometer reduced to sea level.

WEATHER CONDITIONS.—The dominant feature of the weather may be a shallow trough of low barometric pressure extending from the Gulf of California to the Great Lakes. This depression caused southeast winds, variable in the Upper Missouri valley, Kansas City registered 64 deg. and Chicago, Dodge City and Omaha, 60 deg. Showers are reported from Colorado, Kansas, the Gulf and New England States. The distribution of pressure on the Pacific slope remains unchanged. There is little difference between the highest and lowest barometers. Cloud and fog prevailed in littoral California, reducing the daily range of temperature along the coast. At San Francisco the highest temperature recorded during the past twenty-four hours was 66 deg. and the lowest 54 deg. The weather will continue fair in Los Angeles and vicinity during the next thirty-six hours with the usual increase of night and morning fog.

For Los Angeles and vicinity: Fair Thursday, with the usual inland fog and morning fog; Friday, variable.

For the Pacific Coast of the United States: Fair Thursday.

Local Politics.

(Continued from First Page.)

as the process is then reduced to copying.

W. J. Ford, candidate for District Attorney, touched upon this point in an address last night. He said:

"The length of time required to vote will be lessened if the long ticket is studied before next Tuesday. The election officers are the officials who can enforce this three-minute limit for voting. I do not believe that it will be necessary to enforce it to any extent. If the number of voters is so great that they cannot all vote, the legal limit is enforced, it will be done. However, three minutes will be sufficient time to vote if the men and women study the sample ballot which will be sent to them before the election."

HINTS TO VOTERS.

Voters are warned to study the sample ballot which is a duplicate of the official ballot. It even contains the voter's registry number. If a voter stamps a cross beside the names of more candidates for a certain office than the ballot designates, the vote for that office, and for that office only, is thrown out.

In the case of Superior judges, for instance, ten are to be voted for. If a voter should stamp eleven times, then the whole vote for Superior judges is invalidated. However, if less than ten are voted for, the vote will be counted only for those candidates where the cross is stamped opposite their names.

In each envelope containing the sample ballot, the voter will find the printed address of his polling place, so there can be no mistake. This should be saved for reference next Tuesday.

No voter receiving the sample ballot at any one place can vote for candidates of another party. Only non-partisan candidates appear upon all ballots.

MARK THE INTERLOPERS.

Republican voters are warned that upon their sample ballots will be found the names of "Progressive" candidates who are not Republicans, but who, through a trick in the law, have forced their names upon Republican ballots. These candidates are not entitled to Republican votes and should be shunned.

Here is a list of "Progressive" interlopers appearing on Republican ballots for State offices:

John M. Eshelman, Lieutenant-Governor; F. O'Brien, Secretary of State; John S. Chambers, Controller; Thomas Monahan and Friend W. Richardson, Treasurer; U. S. Webb, Attorney-General; and W. S. Kingsbury, Surveyor-General.

Do not stamp a cross opposite these names.

NORTH IS AFIRE.

Blazing for Fredericks.

Mrs. C. R. Stebbins, a well-known club woman of Riverside, who has been campaigning with Capt. Fredericks on his tour through the northern part of the State, returned to Los Angeles yesterday with glowing reports of the reception that everywhere had been accorded the Fredericks party.

"The Fredericks sentiment in the north as a result of his tour is simply tremendous," declared Mrs. Stebbins. "San Joaquin Valley is his stronghold. In such places as Eureka he will get almost a unanimous vote. Oakland will give a heavy majority for him. In fact, all through the north his strength is wonderful."

"The sentiment in the north everywhere is for a change of administration. They have been looking for a man strong enough and big enough not only to defeat the 'Progressive' candidate, but to fill the Governor's chair. Many told me that a tremendous number of Democratic votes would be cast this year for the Republican candidate because so many of the Democrats are dissatisfied with their party candidates now in the field. This is most especially so in Kern county, where one of the biggest Democratic leaders assured me that Fredericks would poll a majority of the Democratic vote of that county in the November election."

FOR SUPERVISOR.

COBB BACKED IN FIRST.

Edward S. Cobb, candidate for Supervisor in the First district, is making a campaign upon several platform planks, chief among which is that as a construction engineer he supervised the expenditure of more than \$1,000,000 in Los Angeles county. Mr. Cobb has been a mechanical and hydraulic engineer for thirty years and is engaged in that work in Los Angeles. His home is in Whittier. His friends believe that he is exceptionally trained for the work, and that he will be able to devise plans and carry them out to the control of the flood waters of the streams of the district.

Upon the scientific construction of roads, he is said to have a wide knowledge and experience, and the peculiar needs of the district are cited as a reason for the placing of an engineer on the Board of Supervisors. His training, they say, has qualified him to cope with the problems that will have to be met by the board.

Mr. Cobb has been an instructor in polytechnic schools, and later has supervised the construction of many large engineering works in the West. In all of his work he has been a large employer of skilled and unskilled labor, and the keynote of his relationship to employees has been one of industrial freedom.

STOP! LOOK! LISTEN!

ROBINSON MAKES SPEECH.

The following extracts are from a recent speech by O. R. W. Robinson, Republican candidate for Congress in the Tenth district, delivered before the Women's Republican League:

We are going to elect a Republican Congress this fall beyond the shadow of a doubt. I have recently completed an \$800-mile trip around the United States, during which I visited most of the important cities of the Middle West and East. "Stop, look and listen," and "safety first" were signs along the railroad right of way everywhere, and those signs are worthy of consideration. Why are those stores empty, why have building operations practically ceased, why are factories running on half time, and in some cases no time at all? "Listen!" And President Wilson will tell you why. It is due to a psychological condition. But a material house cannot be rented with psychological money, and a psychological meal does not fill a material lunch basket with any degree of satisfaction

to the laborer; the result is the American workman is saying to himself and to his fellow "Safety first." We have tried all the experiments with Democratic politics we care to try; we have seen the leader of the Democratic party repudiate planks of the platform upon which he was elected; the cost of living, instead of going down, is going up, and wages are not proportionately increased. "Safety first." Let us elect a Republican Congress and later a Republican President, and we will return to the good old days of confidence, progress and prosperity.

The platform upon which I am standing is a very simple one, and is essentially Republican in every detail. The policies I represent are constructive rather than destructive, and are in absolute harmony with Republican principles.

Here in the Tenth Congressional District, with reference to our Congressional candidates, we seem to be living in a military atmosphere. One of the candidates is, or has been, a captain, one a major, and one a lieutenant. I, for me, I never got any higher than sergeant, and most of my service I was only a private, but notwithstanding that, I will stipulate that all the generals vote for the general, all the majors vote for the major, all the captains vote for the captain, provided the private and his wives, sisters, daughters and sweethearts vote for me.

"Our friends, the enemy"—they are now seeking nominations not only as Progressives, but as Democrats, and as Republicans as well, so that they are all prepared to trim the sails of their individual political bark and take advantage of the wind of public sentiment, no matter from which quarter it may blow. But I want to tell you, my friends, that if the banner of national politics ever indicated anything, it now indicates such a hurricane of votes from the Republican camp that that kind of weather can hope to ride out the gale and survive the indignation of an outraged people.

No political party with a rotten stem of Democracy or a warped plank of Progressivism will be able to weather the storm, and just as sure as the sun rises from behind yonder purple hills this morning, and just so sure as it will tonight set in the blue waters of the Pacific, just so sure will the next Congress of the United States be Republican.

And now let us firmly resolve to do our share of the great work in hand; return the Republican party to power, show President Wilson that the nation is a whole disapprover of his policies and desires to return to confidence, progress and prosperity under other and more competent leaders. He is twice armed with the sword of justice, and he whose conscience and record are clear is impregnable.

Republicans, you can win this year but only with strong and experienced men. It is not necessary, nor is it expedient, to nominate a candidate for whom you will have to apologize or on whose past record there is a stain. Discrimination is the price of success. Nominate men who will add strength to the ticket and who will have the courage and determination to fight and win.

Learn How to Vote.

The intricacies of the direct primary law will be explained by Harry A. Chamberlin before the various women's political clubs of Los Angeles county next Monday afternoon at 2:30 o'clock, in the Hotel Alexandria assembly hall. At that time, a class will be held in "ballot marking" with instructions given as to how to mark a ballot at the primary election in order that it may be counted and have its full effect.

Mr. Chamberlin, who is the Republican candidate for Assembly in the Seventy-second Assembly district, has made an exhaustive study of the direct primary law and is a recognized authority upon its workings. He will explain the various steps taken in casting a ballot from the time the voter enters the polls until he casts his ballot in the box. Mrs. A. S. C. Forbes will preside.

Democrats Rap Randall.

The Executive Committee of the Democratic County Central Committee last night sent out a warning to all Democrats in the Ninth Congressional District against the presence of the name of one, Charles H. Randall, on the Democratic ticket. Randall, say the resolutions, was beaten two years ago as a Lincoln-Roosevelt Republican and is now running on running tickets, styling himself a Prohibitionist. The straddling attitude of Randall is condemned as being that of a political interloper. The committee indorses the candidacy of George L. Hoodenpyl, the regular Democrat in the Ninth, and names for candidates for Congress in the Tenth.

Meeting at Glendale.

One of the largest Republican rallies of the campaign outside of Los Angeles will be held tonight at the High School in Glendale, when a number of speakers will address the crowd. Ella F. Meeker, who now has no opposition for the Republican nomination to the State from the Tenth district, will address the gathering, as will A. L. Shinn, Republican candidate for Lieutenant-Governor; W. J. Ford, candidate for District Attorney; and Dudley W. Robinson, candidate for Congress from the Ninth district. G. Ray Horton will speak for Capt. Fredericks.

Roberts Misses Only One.

Six of the seven Assembly districts in the Ninth Congressional District have indorsed Frank C. Roberts, Republican candidate for Congress. The sixth indorsement came last night from the Sixty-seventh district in Pasadena. In addition to a brief speech, the entire Ninth Congressional District within the city of Los Angeles, the Covina Valley Republican Club and the Azusa Republican Club.

Political Field Cleanups.

Turning to the serious business of campaigning, a score of candidates made merry with their friends last night at the Los Angeles Athletic Club. The banquet was followed by a flow of wit and the like that found its evolution in a thorough-going burlesque, where the jokes ran high and the jinks ran high.

A woman's club was formed yesterday to help nominate "Tripod" Chamberlin for State Controller. The meeting was held at the home of Mr. and Mrs. J. B. Dwyer. After making a brief speech, the tripod folded itself and was carried north.

Reasons why the committee of 100 Jews indorsed the candidacy of Chief Deputy District Attorney W. J. Ford for District Attorney were detailed last night at a "Safety First" rally at Washington and Budlong. Judge Louis W. Myers, candidate for Superior Judge, spoke at the rally and on the constitutional amendments that will be voted upon this year.

The Seventy-third Assembly District Republicans last night held a rally at Jefferson and Main streets, with former Mayor McAleer presiding. W.

J. Ford, candidate for District Attorney, talked on efficiency, and speeches were also made by J. C. Cline, candidate for Sheriff; W. H. O'Connell, candidate for the Assembly, and others.

The candidacy of W. J. Ford for District Attorney was indorsed by many of the employees of the Llewellyn Iron Works yesterday, when Attorney Griffith Jones explained the reasons why Mr. Ford is deserving of their support.

Before Saturday night thirty-two clubs formed in indorsement of the candidacy of County Recorder Ed W. Hopkins will hold meetings in as many different towns in the county to arrange to have him as thoroughly represented as possible at the polls on primary election day. In precinct clubs within the city will hold similar meetings.

Prominent women of the University district gathered at the home of Mrs. Willard Andrews, No. 758 West Thirtieth street, yesterday afternoon, to hear Mrs. Andrews discuss candidates for District Attorney. She stated that it was the duty of all women voters to support the candidacy of Chief Deputy District Attorney W. J. Ford.

Sidney L. Briggs, candidate for Supervisor in the Third district, held a unique meeting last night in the City Jail, when he addressed the night police. All the patrolmen, in fact, all the night watchmen of the city, and they gave him an ovation after he had finished speaking. He was introduced by Chief of Police Sebastian.

Members of the Women's Republican League yesterday held a public meeting at the Hotel Alexandria, where they discussed the candidacy of Chief Deputy District Attorney W. J. Ford.

The colored citizens of the Seventy-second district held a public meeting last night in Normandie Hall, Normandie avenue and West Jefferson street, Friday evening. Mrs. Clara Richardson, Mrs. R. R. Richardson, W. J. Ford, Capt. H. Z. Paul, Gen. Frank C. Prescott, Paul M. Nash and other Republican and non-partisan candidates will speak. Prof. Charles Alexander will preside.

George A. Van Smith, campaign manager for Francis V. Keeling, Republican candidate for Governor, is due to arrive in Los Angeles from San Francisco on Saturday. A letter received from him yesterday, by Philip L. Wilson, Van Smith says that Keeling is favored in the betting in the north so far as the probability of his carrying San Francisco is concerned.

Harry Broisack, Republican candidate for Senator in the Thirty-fourth district, will wind up his campaign with speeches at the following places: Thursday, Cabrera school and Cole's Hall, Coleridge; Friday, Memorial Hall, National Military Home, 2:40 p.m.; Saturday, Catholic Fair, Redondo Beach, 8 p.m.; Monday, big mass meeting at the Art Theater, Redondo Beach, 8 p.m.

Upon his return from his tour in Barbara and Ventura counties, where he has been closing his campaign for the chief justiceship of the Supreme Court, Judge W. J. Wainwright will be entertained at a luncheon Friday noon at the Hollenbeck Cafe.

Charles King, Democratic candidate for Governor, is here for a few days to wind up his campaign. He scoffs at the claims of Curtin, H. J. Gary, and the other leading opponents for the nomination, and of whom asserts that he has clinched the central valley section of the State. He will campaign from his headquarters at the Hollenbeck Hotel, making side trips to the beaches, the orange belt and San Diego.

Camel H. Z. Osborn, Republican candidate for Congress in the Tenth district, last evening addressed three Republican meetings—at the Washington street school at No. 111 Jefferson street, and an open-air meeting at Garden.

James D. Phelan, Democratic candidate for United States Senator, left for the north yesterday, after a ten-day campaign in Los Angeles county. His final appearance here was at a breakfast yesterday noon at the California Club. The affair was sponsored by Mary Fox, who presided, and was attended by Mrs. W. C. Tyler, Miss Fox and Mr. Phelan spoke.

NEW ANGLE BROUGHT OUT.

Accused Special Investigator Says Effort is Made to "Get Him" in His Arrest.

Charging an effort to "get him," O. R. Goodwin, special investigator for various organizations here, added a new angle yesterday to the case growing out of his arrest Tuesday on the charge of forging his wife's name to a railroad pass. According to Goodwin's story, the pass was issued by the Santa Fe in May, 1913, in the name of his wife for a round trip from here to San Diego. Mr. Goodwin at the time was an employee of the West Coast Steamship Company, and it was on application of that company that the pass was issued.

Mrs. Goodwin being unable to use the pass, Mr. Goodwin, according to his story, had a friend, a friend of the family, later Mrs. Goodwin applied for a divorce, alleging that he had abandoned her. The divorce was not granted. Shortly afterward Mr. Goodwin reimbursed the Santa Fe for the pass and received a receipt for his money. His claim is that Mrs. Goodwin and a friend were instrumental in having him arrested on the charge of forgery.

SENTENCE PUT OFF.

Agitator Ireland Given Time to Present Affidavits on His Plea for New Trial in Libel Case.

Justice of the Peace Walls of Covina sitting in Department Two of the local Police Court yesterday granted the motion of counsel for Rev. William Francis Ireland, agitator and self-appointed "public defender" convicted of criminally libeling Police Judge Williams, to withhold sentence until Saturday, at that time affidavits in support of the defendant's plea for a retrial will be presented, his lawyer announced.

No trial is asked chiefly on the ground of alleged misconduct of the jury and that the court erred in misdirecting the jury in matters of law in its decision of questions of law arising during the course of the trial.

Despite the fact that Ireland's apology loudly complained of the inimical "atmosphere" of the Police Court, Ireland sought retrial there, rather than appeal to the Superior Court.

NOT SO DANGEROUS.

Attorney-General Decides Not to Prosecute Local Shippers of "Adulterated" Baking Powder.

The Attorney-General has ordered the United States District Attorney to dismiss the pending action against a local company charged with having shipped baking powder from this city to Globe, Ariz., containing a harmful percentage of lead. The law department has concluded that there has been no violation of the pure food and drug act.

The action taken is in line with other orders recently received from the authorities in Washington, involving adulteration and misbranding. The experts who have in charge this branch of the work are slowly coming to the point of view entertained by the District Attorney's office that in most instances where prosecutions have been brought, there is nothing substantial in the allegation that the ingredients are injurious to health.

Two questions have puzzled the board having these matters in charge. One is whether the substances introduced are destructive to health, and if so, whether they are present in sufficient quantities to place the manufactured article in the list of interdicted goods. Instances have been known where both local and San Francisco firms have pleaded guilty in the Federal court to violation of the pure food and drug act and paid a fine, only to have discovered afterward that additional light on the subject established the fact that they were not guilty under the law.

We Always Have Money 6%

That is an important thing for you to know.

We are always in a position to meet our obligations, no matter what the general financial conditions may be.

This means that you may invest money with us knowing the 6 per cent. interest will always be paid promptly on demand when due. It means that your money will always be available and your investment may be withdrawn quickly with interest in full any time after the first year.

The reason why this is so is easily explained. We loan money only on improved property, mostly the homes of the borrowers, and only on condition that the money be repaid in regular monthly installments. Thus, you see, we have a constant supply of cash coming in each month.

It is a safe, sound, reliable business in which we have been successfully engaged for over 25 years and which affords splendid security for our investors. Call or write for information regarding our 6 per cent. Investment Certificates.

where he will remain until he makes good.

When commitment seemed certain young Rife appeared to realize his position. Placed in the custody of his mother he proved intractable without the guiding hand of a father, although the latter paid his expenses and saw him occasionally.

THREE GRAPE JUICE.

Wouldn't it make any woman angry if a husband threw a glassful of grape juice at her and gained a new gown? Mrs. Ethel M. Schwartz revealed this treatment at the hands of her husband, she told Judge Shenk in her divorce suit yesterday.

Handi J. Schwartz, the husband, appears to have a violent temper. He said he threatened to burn the house down, badly scaring her by grabbing up matches and a can of acid. Another cause of trouble was too much mother-in-law. The young folk disagreed and quarreled considerably over "mother." The decree was granted.

BREAKS PROBATION.

Eddington Rife, the young and incorrigible son of parents who have been separated, did not appreciate the benefits of probation. He stole a bicycle and was brought back to the juvenile court yesterday. He stood a fair chance of going to Whittier to serve his commitment, but given his choice of Whittier or the George Junior Republic, he chose the latter.

TIME FOR UNCLE SAM.

The contract for placing thirty-five clock movements in an equal number of cases in the Federal building has been let to O. L. Wuerter for \$315. The work of installation will begin as soon as they are received from the factory in the East.

BIT OF OLD RUSSIA.
Quaint Promise to Pay Note Given in Europe Brings Judgment When Translated.
Old Russia invaded Justice Sumner's courtroom yesterday afternoon, and a quaint scrap of paper, a note that was drawn in Alexander's last December, was the determining bit of evidence in a suit brought by Shogo Mekitaroff, No. 255 Anderson street, to collect \$20.50, balance due on a note given him by Ervan Stepanosov Basherkiants. A translation of the note, together with the original, led to the judgment for the plaintiff.
The note, as translated into English for the benefit of the court, was as follows:
MY OBLIGATION.
December 14, 1913, I, the undersigned inhabitant of the village "Tapa-Dolack," Alexanderopol district and small "kura-kala" administration, in Russia—Ervan Stepanosov Basherkiants, received from the inhabitant of the village of "Kerwih," Shogo Mekitaroff—seventy-three dollars and 20 cents on terms until April 15, 1914, and if I—Ervan Stepanosov Basherkiants—will not pay off this sum as agreed on April 15, 1914, I will be personally responsible for it before the court.
This obligation I have signed by my hand and seal, and I have signed by the hand and seal of the village of "Tapa-Dolack."
CHARGER UNCONCERNED.
Willie Croom, colored youth of 14, seemed unconcerned in the Juvenile Court yesterday when it was reported to Judge Taft that Earl Hoffie, white, 22 years of age, was badly carved with a razor wielded by Willie that his recovery is not expected. Mr. Hoffie is at the County Hospital and until it is determined that he will recover, Judge Taft will postpone passing on Willie's case. Willie refused to say why he quarreled and assaulted Mr. Hoffie. He said that he met Mr. Hoffie for the first time on the day of the affray. Mr. Hoffie received twelve cuts, one under the heart.
The court wants to investigate Willie's age and to determine whether he should be tried in the Juvenile Court or in the Criminal Court. If Mr. Hoffie dies Willie will be tried for murder.
Enthusiastic.
ANY CARS ENTER FOR THE BIG PARADE.
Registration of those who are announcing in advance that they have cars in the line have been received by wholesale.
One man registered forty cars listed from among his immediate friends. Others have asked assignment for ten, twelve and twenty machines.
The parade is to be made as exuberant as possible, and there will be no limit to the noise. Campaign managers for Fredericka refer to this revelry as "the outburst of pent-up enthusiasm" for their candidate.
Sterling Booth, grand marshal, is arranging with the aid of a committee, the final details of the parade. The start will be on Ninth street, the machines assembling between Hill and Flower streets, and moving east to Spring, north to First street, west to Broadway, south to Seventh, west to Figueroa and so south to Jefferson street. The insurance department of the Automobile Club of Southern California will provide a guard, augmented by a corps of city police, to safeguard the machines parked around the auditorium.
Fredericka will arrive some time Saturday. He will visit the Pennsylvania Society picnic at Hollenbeck Park for a brief time in the afternoon, and then will take a short rest, the first he has had in more than 3000 miles of motor traveling around the upper end of the State.
Transferring Trance.
"KITTIE HYPNOTISM" HOLDS A MAN RIGID.
There was no scent of liquor about the man. The officer then scratched his head. The stranger was lacking in respect for the dignity of the law he represented. Patrolman Watson resolved upon desperate tactics. He stepped upon Mr. Albright's corns. Still the man remained statueque.
Officer Watson sought an advisory council. He called the patrol. The driver and the wagon-man were equally puzzled. Further, they refused to take the stranger in. He was surely disturbing their peace, but not according to Blackstone. He was resisting arrest, but only in a passive sense. He was also blocking the sidewalk, but there were no early morning wayfarers to block. It was a very puzzling case. The patrol driver vowed to his seat.
"Call the ambulance," he directed. "The ambulance was called. Mr. Albright was tipped into a stretcher and driven to the hospital.
As long as the ambulance was in sight Patrolman Watson gazed after it.
"Now, what you think of that?" he mumbled, scratching his head again.

A Business Men's Protest
[From the Burt L. Hunt Press Service, Boston.]
BUSINESS men in all sections of the country who do not want their business regulated and controlled by a political organization, with an army of government "snoopers, spotters and spies," should lose no time in registering with their Senators and Representatives in Congress an earnest protest against the passage at this time of further anti-business legislation.
Yesterday the directors of the Boston Chamber of Commerce adopted a resolution voicing such a protest, and other business organizations throughout New England are understood to have similar action in mind. The Chamber of Commerce resolution is direct and to the point, and might serve as a model for other organizations taking the same view. It reads:
"Resolved: That, in view of the present world-wide demoralization of industry and finance, the directors of the Boston Chamber of Commerce earnestly urge the Senators and Representatives from Massachusetts in Congress to do everything in their power to prevent the enactment of legislation now under consideration imposing new and experimental conditions upon American business, and request Congress to suspend further consideration of such legislation at this time."
The Trade Commission Bill, which is perhaps the worst of the anti-business measures now pending in Congress, has passed both Houses, but has been amended in the Senate and is now in conference. There it should remain. It was a mess as it came from the House, and is little better now, and no compromise that might come out of the conference committee could be anything but a menace to business, especially at this time, when owing to world-wide conditions business has all it can do to keep its head above water.
Such a measure would give us in the business world exactly what we have just seen exemplified in the railroad world—a commission of politicians, with quasi judicial powers and unlimited authority to snoop and pry and ferret, deciding questions of vital national interest along political and geographical lines.
The President's experience in selecting members of the Federal Reserve Board, and putting the new currency system in operation, is not reassuring, either, as to the possible personnel of such a trade commission as is proposed. The currency bill is almost a year old, and yet in the present crisis it is still a dead letter, and an old Republican emergency measure has had to be relied on to save the nation from a financial panic.
If difficulty was experienced in finding men for the Federal Reserve Board who were not under indictment by the Federal government, or who were not objectionable because of their financial or corporate connections, who is to guarantee that the same difficulty will not also be experienced in reference to the proposed trade commission, and that the business interests of the country will not be subjected to months of uncertainty as to what kind of men are going to be appointed to administer so dangerous a law?
There are scores of good reasons why the trade commission bill should not be passed at all, but the reasons for postponing it and the other anti-business measures until light breaks through the clouds of war seem to us to be overwhelming. The sentiment of the business world is against such legislation. It only remains now for the business men of the country to make their Representatives and Senators see the light.—Boston Traveler.

Back From Europe.

(Continued from First Page.)

mentarily breathed a sigh of relief, but it was for a moment only, as orders were given to cast anchor a cable's length from shore, and the words came to me, "Where the tide regulars the beach and flows." At nightfall we moved quietly out over the mines into the channel, and the next forenoon reached Queenstown. Here we landed, and the anchor, but only for an hour. After taking aboard such passengers as were regularly booked for the Celtic, and being obliged to leave others anxious to get away, we were again headed homeward.

Our wireless apparatus, thank fortune, had been disconnected with orders that when 300 miles out it be put in operation. Once more our attack was down and we gazed at the thought of being called back. Now came the question: "What were our chances on the high seas?"

DODGING THE KAISER.

German cruisers were reported to be looking for just such tempting morsels. We accordingly took a northern and much less frequented course, choosing by preference the danger of icebergs to the possibility of Kaiser dictation. At night all our lights were hooded and every unnecessary sound was hushed. When it became necessary to blow the fog horn our spirits went below the sea mark and we felt the possibility of collision would be preferable to capture.

Those of us who had previously secured first-class passage were comfortably cared for; others less fortunate were obliged to take second and third-class accommodations and were glad of the opportunity. All were willing, however, to make sacrifices for the general good, so that in reality no one suffered from physical discomfort. On the evening of the sixth day we were south of the banks of Newfoundland, and the night of the eighth day found us at quarantine.

It is needless to say how good it seemed to stand once more on American soil, or how infinitely superior New York seemed to any European city we had visited. Yet a swift train headed westward surpassed them all. The monotony of the desert for once seemed to fade away like the morning mist as an extra day or two was but nothing when we thought that blessed Los Angeles was now a thing of certainty, and we hope to make it a joy forever.

Behind Bars.

EROS FLEES AT JAIL MEETING.

WIFE'S LOVE OF DELICACIES BRINGS RECONCILIATION.

She Tried to Smuggle Note to Him, the Best "Trusty" Cook Behind Bars, and Is Found Out—Husband Pleased, So They Make Up.

Brimful of surprises was young Mrs. Margaret Lee's first day in jail. This is the record:

Jailed for alleged petty larceny, Mrs. Lee's one fervent wish was that her husband, Clarence, whom she had placed behind bars, might not have satisfaction of seeing her there. They met and she fainted.

Taking a violent dislike to the prison fare, yesterday she struggled with her pride and tried to smuggle into her cell a tin of sardines. Her "trusty" cook the jail has had. She asked that he smuggle her some beef with the Spanish sauce she liked so well.

In the Police Court Judge Williams scored her for associating with another man. "Don't you know what you had your husband imprisoned for?" asked the judge.

Hundred and twenty she was taken back to jail and there she met her husband. Then came the climax of the day. Husband and wife were reconciled.

The Lees separated in Riverside four years ago. Failing to receive promised remittances, Mrs. Lee hunted for her husband. She found him in the company of another woman, who passed as his wife. Mrs. Lee arrested the two to the City Prosecutor's office and then the husband to jail. Lee was given a year's sentence when he expected little more than a lecture from the bench. He became angry with himself that he had so weakly submitted to arrest by his wife and incense at her for her part.

"You'll be where I am some day," he told her as the jail door swung on him. Tuesday she was taken to jail on complaint of Mrs. Minnie Burnes No. 111 South Grand avenue, who charged Mrs. Lee with taking \$3 from a cup of soup.

The testimony yesterday showed that the two women had been bosom friends until a male friend of Mrs. Lee told her that she must choose between herself and Mrs. Burnes. According to her own statements, Mrs. Lee chose the man. Each woman was allowed to cross-examine the other, and sought to bring out events in the life of the other which had a bearing upon the case. The trial was continued until tomorrow to allow additional testimony.

When Mrs. Lee was once more in the hall her husband was waiting for her in the corridor. The conversation was strained at first, but when Mrs. Lee confessed that she had endeavored to slip out the note to him, he was pleased that the capitulation was on her side.

"What's the use of our acting this way?" Lee asked.

"It's not getting us anywhere," she continued.

"No, it's not," was her response. "Then they converted of the life they would live when both have shuffled off the coils which now embarrass them. When the two parted they did not kiss. But that was only because of the many prying eyes about them."

CARNIVAL PLANS GROWING.

Unique and Entertaining Features to Be Included in Municipal Fete Next Month.

The date chosen for the municipal carnival to be given under the auspices of the Municipal Club on the old Normal School site, has been found to be especially appropriate for such an event. "September 6," said Mr. D. C. McLean, director of the carnival, "is almost a day, the anniversary of the founding of Los Angeles, 183 years ago. We proposed to make the carnival a charter day as well as a general get-together occasion and a celebration of the taking-over by the city of the Normal School grounds."

Thomas P. Swift, a local writer, will tell in verse, the story of the birth of Los Angeles. These verses will be a word picture of the capture of San Gabriel, under Gov. Felipe de Neve, consisting of mission padres, soldiers and Indian followers, and of the raising of the cross and laying out the new pueblo around the plaza.

The Programme Committee has enlisted the co-operation of J. M. Gulan of the Board of Education and John S. McGroarty, author of the "Mission Play," in arranging a series of living pictures showing important events in the development of Los Angeles.

The three Los Angeles lighting companies have agreed to furnish the illumination for the grounds, which will require 3000 lamps. An attendance of not less than 5,000 persons is expected.

On the following day, August 21, in Teachers' College of Columbia University, New York, will deliver, in the same place, the last of his illuminating series of talks on "Music Education," which began with an analysis of the science of music, and will end with the theory and practice of teaching it in children's classes.

The summer course of "recreation" given to the public free of charge by the Wythe at their studio, No. 10, South Broadway, is proving so attractive in music, drama, and other events have been continued from week to week. The next one takes place on Friday, August 21, at 4 p.m. Ralph Wythe, and will play Chopin, Emil Bjergren, and will play Chopin, 17, 18, 19, and 20, by Paganini, and strong songs, and they hold their shape. Made in beautiful slugs Galt.

MEET TO WELCOME
HELEN K. WILLIAMS

AT BLANCHARD HALL TOMORROW
NOON WOMEN GREEN
CANDIDATE.

At 12:15 o'clock, noon, today, Blanchard Hall, a meeting will be held to welcome to Southern California the woman candidate for the gubernatorial nomination for Lieutenant Governor, Mrs. Helen K. Williams, San Francisco.

Many of the women's clubs of Los Angeles have extended invitations to Mrs. Williams to visit and talk with them and this is the first opportunity that she has had of doing so, and the time is exceedingly short, but the close of the campaign, if deemed advisable to hold one, is being instead of having Mrs. Williams attempt to visit the clubs, a meeting will give Los Angeles women and men an opportunity to hear the woman who has created much interest in the northern part of the State and who has won the allegiance of all classes of people. Mrs. Williams has been in contact with the clubs in the north have indicated that she is the people in the south of the State have declared their intention of giving their support to the first woman who has sought to herself of the possibilities of the woman's enfranchisement. "Which" worked so hard to bring about Mrs. Williams, both personally in her magazine, "The Woman's Voice," worked so hard to bring about the amendment and she has declared it as her intention, if elected to the high office which she is now working just as earnestly for better pertaining to women and children, which are greatly needed.

Mrs. Williams is a woman of personality and it will be a pleasure to all interested in politics or in questions and movements, to see her and to hear her speak, and to see her greet the woman who is to become a candidate for Lieutenant Governor, in this or any State.

Many Surprises in National Tournament.

"Chick" Evans Fails to Play Usual Game.

(BY A. P. MERRY WIRE.)
CHICAGO, Aug. 19.—Tom McNamee, of Boston, native of America, today played the best golf exhibited in the elimination rounds for the national open golf championship at Midlothian, making an evenly-balanced score of 145, as against the 146 made by James Barnes of Philadelphia yesterday.

The surprise today was the poor playing of Charles Evans, Jr., western amateur champion, who took 75 for each round, barely qualifying with 154. Evans had been playing exceptionally good golf, winning the western title at Grand Rapids recently with an average of 71. In recent practice he had been playing 74 and under, over a course several strokes harder than Midlothian. But a wrenched ankle and the fact that he had not practiced over the lightning fast links at Midlothian reduced his usually brilliant game to mediocrity.

While the gallery today followed Evans as he followed Outmet yesterday when he tied with MacDonald Smith of Oakland at 148 for second best score of the day, number of golfers watched Tom McNamee top the field at 145, having a missed putt in the last nine, the champion professional would have had four thirty-sixes.

J. J. McDermott, champion in 1911 and 1912, was not playing today as well as usual, taking 152. R. M. Thompson of Glenridge, N. J., was second best today with 148. Six men made 151, but only one, R. M. Thompson, of those who qualified took 151 or more. As four men took 152, those who today won the right to play in the final Thursday and Friday number thirty-three, making the total contestants sixty-five.

Donald Edwards of Midlothian made the best amateur score today, 153. His brother, Kenneth, was one stroke higher, while Jack Neville, Pacific Coast amateur champion, had 154, as did L. Jacoby, Dallas, Tex. Five of the ten amateurs playing today qualified, making eight of that class who will compete for the title with fifteen professionals.

Karl Kaffer, open champion of Canada, failed by one stroke to qualify, and George Cunningham, Canadian runner up, barely got in with 154.

KNOCK FROUGH AND CHRISTIAN EVERYWHERE FROM TEN PLATES.

PORTLAND (Or.), Aug. 19.—Portland turned the tables on the Oaks today and won, in a huge swatfest, 18 to 0. Higginbotham allowed only three hits, while the Beavers touched Frough and Christian for twenty-seven doubles, a triple and Lober's home run featured the batting.

Wad Says That Horseshoes Are Not Necessarily Lucky!

By Gale.

WILL NOT GO TO FEDS, BUT STROUD MAY.

Second Sacker Declares for Organized Baseball—Will Make Fine Mate for Owen Bush. Says That He Favors the Highest Bidder. Receives \$4000 for Klepfer.

BY HARRY A. WILLIAMS.

Stroud will not play with the Federals, but he may play with the St. Louis Cardinals. Stroud, who was turned over to the Cardinals by the American League, is now in St. Louis. He is expected to play for the Cardinals in the near future.

BILL HOLDEN IS NOW FREE AGENT.

OUTFIELDER EXCHANGED FOR BIRDIE CREE TURNED LOOSE.

NEW YORK, Aug. 19.—Outfielder Bill Holden, who was turned over to the Baltimore club of the International League by the New York Americans, as part of the deal for "Birdie" Cree, was notified here today by Chairman Hermann of the National Commission that he is now a free agent.

FIELDER JONES'S SUCCESSOR.

SEATTLE, Aug. 19.—The directors of the Northwestern Baseball League late tonight unanimously elected Ed R. Hughes, sporting editor of the Seattle Times, president of the league, vice Fielder Jones, who resigned to become manager of the St. Louis Cardinals. No other business of importance was transacted.

INJURED DEER IS IN THE HOSPITAL.

BUT THIS TIME IT IS ONE OF THE FAMOUS BALL PLAYERS.

John Deer, one of the five members of the famous Deer family of ball players, is in the California Hospital as the result of injuries received by the overturning of his automobile on a recent hunting trip. For a time he was threatened with lockjaw, but the danger of this appears to have passed, and he will be removed to his home in Alhambra early next week.

Boston Still Coming.

(Continued from First Page.)

Stallings was pitiful. The defense of the Braves broke and wobbled in a miserable fashion just when the pitchers needed their support the most. July and the hot weather seemed to bring the Boston club out of this state of lethargy, and they overcame the habit of lunging away ball games. They refused to be kicked around and the first division clubs found a stubborn flock of youngsters who wouldn't take a licking. This kid team began to wallop out long drives, the fielders pulled down impossible chances, while the pitchers heaved two and three-hit games. A mighty worm was relieving itself of a nasty kink.

the brainiest ball player of all time, came to Stallings from the Cubs. Stallings, his general manager, Fred Schorner, was back at short and he had Deal, a Detroit American League cast off, on third. Stallings dug up Gowdy from the Buffalo International to do the catching. With this bunch and three regular pitchers he started the season and they failed wretchedly. The secret of the Boston sport is in teamwork. No two men on the club had ever played together previous to this spring. It took them until July to form into a compact machine. The cavities were plugged and they started in walloping their way towards the pennant. They have teamwork now. The kid pitchers are going in a mastery style. Rudolph, the Giant catcher, "Lefty" Tyler and James are bearing the brunt of the work. Stallings has instilled a fighting spirit in his men and they won't take a licking. As Hans Wagner predicted, "they should win the pennant."

Whitted started the present season with a makeshift line-up. A trade with St. Louis brought him Whitted and Cuthbert, while he lost Hub Perdue, a rattling good heaver. Experts said he received the worst of the trade. Whitted and Cuthbert were practically deadwood with the Cards. Both men are now playing a brilliant game with the Braves in whatever position Stallings places them.

Whitted has filled the gaps in both the outfield and infield when the regulars are disabled and his high-class work has plugged the opening every time. Out in right field Stallings had Josh Devore, who had been cast aside by every other club in the circuit. Mann and Connolly, two young outfielders, were in center and left, respectively.

Klepfer brings \$4000. As hinted off and on for six weeks past, Ed Klepfer will wear the immaculate hosiery of the Chicago Americans next season. It now develops that Chicago exercised its option on the Venice club last week by selecting Klepfer. Official confirmation of the action, however, was deferred until Klepfer signed a contract for 1915. Klepfer did this yesterday, said documents being presented to him by Danny Long, who is Comiskey's representative in San Francisco. President Malar announced last night that the Venice club retires \$4000 for Klepfer, which is about \$6000 less than could have been received for him had he been sold for immediate delivery last month. For a time Capt. Dick Bayless appeared to be Comiskey's first choice, but he was dropped up when it was learned that he preferred to remain on the Coast. Comiskey needs, above everything else, a good clean-up man, and it was felt that Bayless might fit into that role.

Rank Among Best.
Klepfer is regarded by many as the best pitching prospect in the league. It is plain that the Chicago scouts held him in high esteem. Otherwise it is hardly likely that they would have recommended him, as the Sox now boast about the strongest pitching staff in either major league. Before the ink had dried on his 1915 Chicago contract yesterday Klepfer celebrated the occasion by shutting out San Francisco. This was his seventeenth win of the season. His defeat number ten. Klepfer came here from the New York Americans last season. His best setting sin at that time was inability to hold men on bases, but he overcame this and batters no longer become bold and brazen when he is pitching. Last winter he employed his spare moments developing a "spitter." He really had but little need of this, however, as he possesses one of the best curves in the league, and it is there that he has his greatest defense. Young was transferred to the Cardinals for a few games recently to equal advantage in that position.

Round Throatens Berry.
Henry Berry, who is acting as president pro tem of the league during the vacation of Allan T. Baum, is patiently waiting for somebody to start something. He is yearning to fire a few managers and fire a few umpires, but the who-hunch of them are acting above reproach. "Pretty soft, but not exciting," admitted Berry yesterday. "I want to see 'overwork' as his excuse for taking a vacation."

Jack Niles Taments.
"It wouldn't surprise me if one of those seven-story buildings would topple over and smite me on top of the head," the same being a bit of pessimism emitted by Jack Niles as he sauntered along Broadway yesterday. Niles, pausing to adjust his neck and coddle his busted finger. "It was my ambition to give Malar my best, and I had hoped that this would be the banner season of my career. But here I am, wearing splints and bandages again, and I suppose that when cancer grows together I will bust a leg or two and finish the season on crutches."

All of which would seem to indicate that Jack is sad and refuses to be comforted. His troubles started in the spring, when he found himself stale as a result of having looped the globe. In parlance of the diamond it seemed impossible for him to "get going."

Then when he did show signs of getting right he mislaid a couple of his vertebrae in a collision at the plate. This placed him in the hands of the club surgeon, and on the suspended list. This enforced rest served to eradicate the staleness from his system, and he was entering into his work with much zeal when a malignant foul tip happened along and ground up his best hand.

Not only is the first finger of his right hand busted in two, but an extra frill was added in the way of a crack which runs the length of the bone. Thus it is plain that Jack cannot hope to be of much use to his country any more this season.

Cities and Towns South of Tehachepi's Top—Los Angeles County News

FORGETS NAME: JUST RECALLED.

Australian Exporter's Son Lost in Mental Mazes.

Finds Himself in Monrovia, Then Forgets It.

Pasadena Man Takes Yacht to Rescue Friends.

(LOCAL CORRESPONDENCE.)

PASADENA, Aug. 19.—Graham G. Virtue, who forgot his own name while in Monrovia, Tuesday, and consulted a directory in an effort to find out, was taken to his home at No. 521 North First Oaks avenue, Tuesday night, and yesterday morning had completely recovered from the strange lapse of memory, though he does not yet know anything of the occurrence, and perhaps will not unless some one tells him.

His condition yesterday was said to be above normal, though he was kept in his room all day to escape reporters and inquisitive friends. It is believed that the news that he has been a victim of amnesia will come to him as a shock. Instructions were given yesterday at the Philadelphia apartment-house, where he has rooms, to summon neither him nor his friend, James Peddie, to the telephone. Every inquiry for either one was met with the same answer: "He isn't in; will you leave a message?"

Virtue, who is a globe-trotter de luxe, speaks fluently several languages and is the son of a wealthy manufacturer of Sydney, Australia. He came to Pasadena last winter, where he was a guest at the Hotel Vista del Arroyo until spring, when he went to the

Philadelpha apartment-house, where his friend, James Peddie, lives.

He had planned to remain in California until after the exposition, and told his friends that his sister and father would likely join him here next fall.

Strange as it may seem, Virtue, who could not recall his own name, nor remember, after reaching Pasadena that he had stayed at the Hotel Vista del Arroyo. Officers took him to the hotel, where his name and his address were given, and he was taken home and put to bed.

His father is a member of the firm of Moffat, Virtue & Co., Ltd., of Sydney, who have several large branch houses in America, and the Pasadena man has been looking after the business interests of the firm since coming to America.

But a grave mixer, though of a modest disposition, Virtue is popular in social circles in Pasadena. He is about 35 years old.

SALES TO RESCUE.

Harry Harkness, son of L. V. Harkness, Standard Oil man, left yesterday for London in his private yacht, the Wakea, with a crew of fifty men to rescue his sister, Mrs. A. K. Macomber, her husband and a party of Pasadena friends, who are stranded in London. Because of the dangers of war, the Harkness family had decided to pay before they would consent to go to which Harkness readily agreed.

By crowding, at least fifty passengers can make the trip on the yacht. A wireless operator will be on board. The Maccombers are among the most prominent families of Pasadena.

FALLS OFF HIGH TOP OF DERRICK.

OCEAN PARK BOY NEAR DEATH AFTER ACCIDENT—ANOTHER WORKMAN SAVED.

(LOCAL CORRESPONDENCE.)

OCEAN PARK, Aug. 19.—John Arty, the 18-year-old son of John T. Arty, of No. 2619 Third street, fell sixty feet from the top of an oil derrick near Beverly Hills this morning and is now in the St. Catherine Hospital suffering from injuries which are expected to cause his death.

Young Arty was working at the top of the structure with a companion and had just slipped a section of pipe into place when by some mischance the rope which held the plank on which the men were working was jerked out of place and the plank fell, the two men going with it. Arty's companion managed to grab a cross-piece and save his life. The boy fell to the earth and was picked up unconscious. He is suffering from a general internal concussion and the doctors tonight hold out but little hope for his recovery.

It was only two years ago that Arty was near death when he was struck by a street car near Pier avenue and injured so severely that it took him several months to recover. Most of the time he was in the hospital. He is the son of John T. Arty, a prominent beach man who is a director of the First National Bank of Ocean Park.

Blood Risings Not Sign of Health

Bells are Caused by Sluggish
and Impaired Blood

Look Out for Volcanic Eruptions

When there are swellings, gatherings or risings of the skin it is a sure sign that the blood needs help. It needs the cleansing that can be had only by the famous blood purifier, S. S. S. Any eruption of the skin shows that the blood is retaining impurities, and either continues to circulate and impoverish the blood or is deposited here and there in the form of abscesses or surface eruptions.

A host of people use S. S. S. every spring and summer to rid their systems of habits that leave the system tired out. Get a bottle of S. S. S. today of any druggist. Give it a good trial. It will cause your liver to convert impurities, your lungs to burn them, your kidneys to excrete them and your skin to carry them off. It will give you a new system fresh and clean to revive and again be conscious of renewed health. Write to the Swift Specific Co., 106 Swift Bldg., Atlanta, Ga., for their great book on skin afflictions "What the Druggist Tells."

A. L. DENNIS, being duly sworn, deposes that he is and has been for twelve years Superintendent of Circulation of the Los Angeles Times; that the above statement of circulation for the month of July, 1914, is correct and true to the best of his knowledge and belief.

Subscribed and sworn to before me this 25th day of August, 1914.

T. L. CHAPIN, Notary Public in and for the County of Los Angeles, State of California.

The Times is the only newspaper in Los Angeles that does not make practice of permitting agents, newsmen and dealers to use unsold copies of its issue. Neither does it misbrand or predate its editions, or indicate its circulation by printing more copies than are actually necessary to supply its patrons.

The Times' entire circulation is practically net, and it is more genuine and superior in every respect to that of any other local newspaper.

PLAN TO HOLD COTTON CROP.

Better Conditions Expected by Valley Growers.

Government Asked to Aid in Financing Harvest.

Shippers Protest Increased Rate Eastward.

(LOCAL CORRESPONDENCE.)

IMPERIAL VALLEY, Aug. 19.—In almost every instance the cotton growers of the valley have decided to hold their cotton for better prices. So far this season none has been sold at the prevailing price except in very few cases where ready cash was absolutely necessary.

It is believed by the cotton growers' associations of the valley that it will only be a short while until the European situation will be so far adjusted that good prices on cotton will prevail at home. They are therefore urging the cotton growers of the valley to hold their cotton if possible.

In fact, cotton experts in the valley, men who have had wide experience in marketing cotton, believe that in the near future the prices on this commodity are going to be better than they have been for some time.

NEED HARVEST MONEY.

The question of harvesting the vast crop is becoming a serious one on account of the difficulty found in procuring funds for the purpose. Some of the most extensive cotton growers are resorting to the use of script with the promise of full payment to the employees of the harvest hands when the crop is marketed. In the few cases where this has been tried it has worked well so far, but the 70,000 or 80,000 acres of cotton that are ripening in the valley cannot, of course, be all marketed in that way.

Obtaining money from the banks for this purpose has been found more difficult than at first was anticipated on account of the tightening of financial conditions by the banks. So the slogan of the valley cotton growers is again, "On to Washington."

A hurried call of the cotton men by the chairman of the Imperial Valley Chamber of Commerce for a meeting to consider the matter. There were representatives from every cotton-growing section of the valley in attendance at this meeting.

A resolution was passed asking that the Imperial Valley delegation, which is now in Washington, sent for the purpose of obtaining government aid in the marketing of the cotton crop, be urged to obtain aid in harvesting the Imperial Valley cotton crop also by guaranteeing loan banks on warehouse receipts on cotton to the extent of 8 cents per pound.

It was deemed advisable at this time to have a meeting of the growers, California's cotton-growing section, which is from six weeks to two months earlier than any other section of the world. The meeting will be held at the Imperial Valley Chamber of Commerce, which is now in Washington, and the national banks the amount of cash necessary to do it.

PROTEST INCREASED RATE.

It has become known through the publication of a rumor, that a new rate on cotton by the Pacific Southern Railway Company from the Imperial Valley to New Orleans and way points to the west, a rate that amounts to 35 cents per 100 on compressed cotton. If this rate is carried into effect it will have a very depressing result on that valley industry.

The cotton growers, believing this to be an unjust rate on cotton, have learned of its proposed publication, and immediately wired through the Imperial Valley Long Staple Association, J. C. Stubbins, president of the freight department at Los Angeles demanding a hearing on the proposition. In this they were backed by W. E. Wilson, chief of the Imperial Valley Chamber of Commerce.

In reply Stubbins stated that he would discuss the matter with the Imperial Valley delegation. The result of this conference has not been made known in the valley yet, but it is believed that in defiance to the rate the freight department at Los Angeles is demanding a hearing on the proposition. In this they were backed by W. E. Wilson, chief of the Imperial Valley Chamber of Commerce.

NEARLY HUNDRED YEARS.

Ventura Woman Dies at Monterey.

New State Normal School for Girls—County Fair Plans.

(LOCAL CORRESPONDENCE.)

VENTURA, Aug. 19.—Word was received in this city today of the death of Mrs. F. D. Seward at Monterey yesterday. Mrs. Seward was aged 96 and was a pioneer of this city where she lived for many years and where she has relatives residing. Her funeral will be held in this city on Friday morning at 10 o'clock.

Mrs. Seward was born in Flathead Barber at Shelton, Mont., in 1818. She married F. D. Seward, well remembered in this city as "Father" Seward, in 1849. She came to this city with her husband in 1859, and celebrated their sixty-fifth wedding anniversary here in 1906. At the time of her husband's death she had been married sixty-nine years. Mrs. Seward leaves four children, O. D. Seward of Akron, O.; Rev. F. D. Seward, Monterey, Cal.; Mrs. William P. Reday, Ventura, and V. B. Seward, Marshall, Minn.

NEWS BRIEFS.

Work was begun yesterday in this city on the new State School for the blind, which is to be established here. Grading was begun under the direction of Engineer McQuinn, and the contractor is expected to have the building erected by the end of the month.

These buildings will be the hospital and two cottages. Bids have been called for and will be opened and contracts awarded early in September and the work will proceed immediately, for it is planned to have the grading now under way ready by the time the tractor is planned for a complete water system for the school have been approved by the engineer and the contractor.

Seven of Ventura's best racing horses have been picked to participate in the Santa Barbara races on Labor Day.

The county fair management has arranged for a great tent in which to house the fair exhibits. The fair will be held September 28, 29 and 30.

REFUSES TO ACT AS A COLLECTOR.

PACIFIC ELECTRIC TESTS CITY POLICE TAX ORDINANCE.

OTHER MATTERS.

Man Captured in Theater by Officers on Trail.

(LOCAL CORRESPONDENCE.)

RIVERSIDE, Aug. 19.—That portion of the male population which regards all measures providing for the collection of poll taxes as obnoxious, are gleeful over the prospect of having the courts pass on one phase of the city ordinance relating to the collection.

The matter has been brought to an issue by the refusal of the Pacific Electric Railway Company to hold out of the wages of its local employees 12 cents each for poll tax. The City Attorney has been directed to bring suit against the company for the amount called for by the fifteen-second recited in the company's office for collection by the Chief of Police.

The company contends that it is contrary to law to make the collections as provided by the city's street poll-tax ordinance, adopted in 1887, and as requested by the Chief of Police under such ordinance.

The Finance Committee presented a written statement to the Board of Public Utilities and certain members of the Council on the subject of the amount the water department should receive as rental for five hydrants which it has been using since the meeting of the Council unprecedented in local history.

The Board of Public Utilities as a basis for the rental asked for by the water department. Mayor Ford held that inasmuch as the statement referred to a document filed with another board and purportedly approved by the Council, it should not be received and filed. A vote on the question upheld the Mayor's contention.

BIDS FOR HIGHWAY WORK.

The Board of Supervisors today asked for bids for the first work to be done under the \$1,125,000 highway bond issue. The board will open September 10 for the construction of nine miles of concrete roadway under State specifications, commencing at the intersection of the highway and running in the direction of Ferri.

SHIPPERS GIRD UP THEIR LOINS.

PREPARE TO FIGHT RAILROADS
ON INTER-MOUNTAIN
FREIGHT RATES.

(LOCAL CORRESPONDENCE.)

SAN BERNARDINO, Aug. 19.—Shippers of San Bernardino, Riverside, Orange and Imperial counties are preparing to unite to prevent the inter-mountain States from being deprived of the freight rates ordered by the Interstate Commerce Commission. The transcontinental railroads are lining up for an indirect attack on the recent rates set by the Interstate Commerce Commission. The shippers are preparing to fight the railroads on the inter-mountain States from being deprived of the freight rates ordered by the Interstate Commerce Commission.

REFORESTRATION.

Urging the reforestation of all sections of the county, the Imperial Valley Chamber of Commerce has been out for R. B. Herron, well-known naturalist, has returned from his first trip to the San Bernardino Mountains in a week. He has been almost a quarter of a century in the hills have changed wonderfully, according to Herron. New forests have sprung up in places that were once bare, and former wooded sections now are devoid of timber.

The 15-year-old reforestation work is now in a marked degree, but that there are still a few places which should be the object of an immediate reforestation project.

LARGER SCOPE.

Plans to greatly enlarge the scope of the Chamber of Commerce will be outlined Friday evening at a banquet of the chamber. The new organization committee has been appointed and the report of the members will be filed at that time.

NILAND WATER STOCK.

(LOCAL CORRESPONDENCE.)

NILAND, Aug. 19.—Nearly 4000 shares of water stock have been purchased by owners of government land in and around Niland and more than 2500 additional shares have been placed on lands purchased from the California Land and Water Company. All of this has been done within the last few weeks and it means the clearing and placing of 6500 acres in crops this fall in the vicinity of Niland. Already announcements have been made of the planting of a large acreage to cotton in that vicinity, as well as a larger acreage to other crops. With these prospects in mind, it is not surprising that the water stock is being sprang up in a marked degree, but that there are still a few places which should be the object of an immediate reforestation project.

MAY RAISE SORGHUM.

BRAWLEY, Aug. 19.—Two Federal government experts have been in the valley for some time studying its conditions and looking for a location for an experimental station upon which they will determine whether there can be grown with profit a certain remarkable species of sorghum found in Africa. If it is found that sorghum will thrive in the Imperial Valley there is every reason to believe that the valley will become one of its lucrative industries in the near future. It is said to be a big money crop where it can be made to grow to perfection and the advantages here seem to insure its perfect growth.

SCREAMS BEAT BURGLAR'S GUN.

Woman Puts Crook to Flight Despite Death Threat.

Man Captured in Theater by Officers on Trail.

Confesses to Several Jobs; Has Three Revolvers.

(BY DIRECT WIRE—EXCLUSIVE DISPATCH.)

SANTA ANA, Aug. 19.—Braving a burglar's gun tonight and his threat to kill her if she spoke, Mrs. Ruth Foster screamed. Without shooting, the burglar fled, and Mrs. Foster chased him down two flights of stairs and out into the alley, calling "Catch that burglar!"

The burglar ran into Clune's Theater, where he was arrested. Three revolvers were taken off him. He gave his name as F. R. Wilson, aged 36. At the jail he admitted to having burglarized two houses here today. He had a jimmy, \$4.98, a gold watch and jewelry.

Mrs. Foster and her daughter are vaudeville performers and had taken an apartment at the Meyer apartment building on the street. Mrs. Foster reported her purse missing from her room. After looking for it Mrs. Foster returned to her room and was confronted by the burglar.

"Stand aside, little girl, and we will have no trouble," said the burglar. Mrs. Foster seized him by the coat sleeve. He drew a revolver and shoved it in her face.

"Don't make a sound or I'll kill you," said the burglar.

Mrs. Foster did not obey. She screamed. The burglar fled and she after him. On the second floor the man met Mrs. G. B. Shaw and he shoved the revolver at her and went by.

He rushed into the theater breathless, walked back to the stage, climbed the stage stairs to the gallery and there took a seat. Manager Russell, hearing the screams and seeing the man enter, called officers, and in a few minutes every exit was guarded.

RECENT DEATHS.

Henry H. Thompson, formerly of Co. D, 148th Ohio Infantry, a native of Ohio, admitted to Los Angeles in 1914, died August 18, aged 74.

Amos Powers, formerly of Co. E, First Illinois Artillery, a native of Ohio, admitted to Boulder Creek, Colo., in 1899, died August 12, aged 72.

TAX RATE RAISED.

(LOCAL CORRESPONDENCE.)

VENTURA, Aug. 19.—The Board of Equalization today raised the tax rate from \$1 to \$1.35 for the coming year. The total assessed valuation now totals \$12,000,000, about \$600,000 less than the increase for this year.

PACIFIC ELECTRIC PICNIC DELIGHTS EMPLOYEES.

(LOCAL CORRESPONDENCE.)

REDONDO BEACH, Aug. 19.—Thousands of the Pacific Electric Railway employees and their families and friends held an outing here today. Owing to the great crowd, the street-car service was augmented by additional cars, ten-minute service being the order for the afternoon and evening.

The committee in charge of the affair carried out an excellent programme, both in the aquatic and athletic sports, and many of the events were specially featured, such as the spike driving contest, between the maintenance of ways and construction departments, in which there seemed to be a great deal of rivalry and the tug-of-war in which four departments competed.

The hand-car race also created considerable excitement. A very amusing feature of the day was the burlesque performance of the various members of the orchestra were garbed in startling attire, from the Dutchman with wooden shoes to the dainty ballet dancer.

The baseball game between the auditing and freight departments resulted in a 4 to 4 tie.

A summary of sport results follows:

The 25-yard race for boys, 9 years and under—Hugh Shields won; Howard McCracken, second; T. Burnham, third. Bill Hancock, Leon Woods and Robert Jones also ran.

The 50-yard race for boys over 9 and under 12—Teddy Baker won; Ray Gregory, second; Mervin Christy, third; C. McMillan, Ward Melville and H. Healy also ran.

The 75-yard race for boys over 12 and under 16—Homer Mullen won; Fred Blansett, second; Mike Livittsky, third.

The 25-yard race for girls 9 years and under—Margaret Dwyer, first; Lilian Brown, second; Zola Kelly, third; Blanche Thatcher, Alice Hand and Goldie Kennedy also ran.

The 50-yard race for girls over 9 years and under 12—Glady's Sheldon, first; Thureen Simmons, second; E. E. Echles, third; Emma Tully, Carver Merrill and Ellen Mullins also ran.

The 75-yard race for girls over 12 years and under 16—Mabel Gilbert, Hazel Starnes, second; Allen Keenan, third.

The 75-yard race for ladies over 16—E. E. Wilson, E. Clark, F. S. Peachy, years—Miss L. S. Putnam, first; Miss E. A. Minor.

LOS ANGELES HARBOR.

OS ANGELES HARBOR, Aug. 19.—The first steamer to sail from Europe for this port since war was declared by Germany is the British steamer Oristano. News has been received here that the steamer sailed from Antwerp August 14. The Oristano is under charter to the new A. Carpenter line, and has part cargo for Los Angeles, San Francisco, Portland and Seattle.

All sailings of both the Kosmos line of German steamers and the Harrison line of British vessels have been indefinitely postponed. It is expected, however, that the Harrison line will soon send out steamers now loading and flying the British flag. Two steamers, the Historian, which sailed from Liverpool July 25, and the Crown of Seville, which sailed from Antwerp July 20, are now on the way to this port.

The Kosmos line steamers have been tied up at every port of call. Outbound from Hamburg is the Karack at Iquique, the Sisk at Corral and the Memphis at Puna. It is not expected that there will be any sailings of the Kosmos steamers so long as there are indications that the British may command the sea.

It is not expected that the sailings of any of the Swedish, Danish and Norwegian ships will be interfered with. The Swedish motorship Kronprins Gustaf Adolf of the Johnson line is reported passing through the straits, August 16, en route to this port from Copenhagen. The vessel is under charter to W. R. Grace & Co., and will bring general merchandise. She has been prepared to carry California barley on the return trip to the United Kingdom.

The seacrow and title work of the California Title Guaranty Company at 215 West 8th street, ground floor of Metropolitan building, at main entrance, has stood the test for more than thirty years.—(Advertisement.)

SOLDIERS' HOME CROPS GROWING.

NEW QUARTERMASTER PREPARES FOR FALL HARVEST- ING TO FILL LARDER.

On the farm, which, as all material things in the home, is under the quartermaster's supervision, lima beans are being harvested from a number of plots covered in a total of 334 acres. Odd little corners of one and two acres that would otherwise be wasted were utilized for bean growing.

SOLDIERS' HOME, Aug. 19.—As quartermaster, Capt. M. S. Murray is displaying the same aptitude and energy in his new office that when officiating as commissary of subsistence, gained for him commendation of officers and members of the home for improvement in the management of the cuisine and table service in the several messes at the home.

The lemon orchard is yielding largely this season. The Cushing Valley Lemon Association has already taken over 600 boxes of the largest lemons ever produced here, and a crowd of Japs are still at work picking.

Ten additional painters taken on a fortnight ago completed work on Barrack H, and at the end of the present week will have finished the interior of barrack K, when they will begin on barrack L, the last of the eleven huge quarters for veterans.

As soon as monies under the existing Congress appropriation are available, Capt. Murray purpose giving the roads and paths in the home some long-needed attention.

RECENT DEATHS.

Henry H. Thompson, formerly of Co. D, 148th Ohio Infantry, a native of Ohio, admitted to Los Angeles in 1914, died August 18, aged 74.

Amos Powers, formerly of Co. E, First Illinois Artillery, a native of Ohio, admitted to Boulder Creek, Colo., in 1899, died August 12, aged 72.

TAX RATE RAISED.

(LOCAL CORRESPONDENCE.)

VENTURA, Aug. 19.—The Board of Equalization today raised the tax rate from \$1 to \$1.35 for the coming year. The total assessed valuation now totals \$12,000,000, about \$600,000 less than the increase for this year.
